'66

Someone has called Commencement a kind of termination because graduation ends associations and friendships which have contributed to the school's growth and development. However, each class has stamped its own unique personality on traditions and spirit, on faculty and students, and the school as a whole gains more from each class than it loses. Commencement does not really end the association of each class with the school. So we, the editors of the Liberanni, offer our best wishes to the Class of 1966.

The Board of Education functions as the policy-making body for the school. The District Superintendent, the Board, and the Principal are charged with the responsibility of directing our educational activities.

The Student Body wishes to express its appreciation to these gentlemen for their interest in our welfare.

## BOARD OF EDUCATION

## MESSAGE

To the Class of 1966

The present moment is precious. It is the time to be and to do your best.

Don't be satisfied to sit on the sidelines. Get into the middle of life - warm, gay, wonderful, joyous, or nasty, raw, disagreeable and heartbreaking as it may sometimes be.

Each student generation must face its own problems and changes in its own way. May your class mark the years with outstanding accomplishments and realized hopes and plans for the future.

## MARGOT ADAMS

Rotary Exchange Student  
from Perth, Australia

Franklin's Rotary Club sponsored an exchange student from Australia to our school. Margot Adams of Perth was a definite asset to DLI and our community. Her friendliness and lively wit brightened all she met. Margot lived with four families during her stay in Franklin.

The student body wishes her well and considers it an honor to have known her.
